Overall Length:

10.156 inches

Overall Height:

0.438 inches

Overall Width:

6.188 inches

Product Name:

Usage design: speed select module

Special Features:

Resistor eight; capacitor one; transistor three; printed wiring board one

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
