Overall Length:

4.900 inches

Overall Height:

0.608 inches

Overall Width:

2.790 inches

Product Name:

Fsc application data: transmitter controls radar, nonairborne, except fire control and guided missile

Special Features:

Printed wiring board 1; integrated circuit 4; capacitor 2; connector 1; relay 6; diode 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
