Overall Length:

8.625 inches

Overall Height:

1.000 inches

Overall Width:

6.250 inches

Product Name:

Fsc application data: transponder set, radio navigation, nonairborne, an/trn 26

Special Features:

Capacitors 18, diodes 4, printed wiring board 1, resistors 46, transformer, pulse 2, transistors 15

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
