Overall Length:

17.837 inches

Overall Height:

2.360 inches

Overall Width:

5.682 inches

Product Name:

Fsc application data: guided missile intercept-aerial

Special Features:

Amplifier 5, chassis 1, compensator 1, connector 1, detector 3, discriminator 1, filter 3, generator 1, jack 34, oscillator 1, regulator 3, resistor 3, voltage control oscillator 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
