Special Features:

Printed wiring board 1, bracket angle 1, strip reinforcing 1, heat sink 2, screw captive 2, spring leaf 2, terminal post 16, rivet 7, washer flat 2, resistor 32, capacitor 19, transipad 3, diode 9, transistor 5, receiver, double ended 1, integrated circuit 2, integrated circuit, logic gate 2, integrated amplifier transitron 2, coil 1, therma screen assembly 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
