Overall Length:

4.460 inches

Overall Height:

0.375 inches

Overall Width:

3.640 inches

End Application:

Airborne comm navigarion equip

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Circuit card assembly

Special Features:

Plug-in mtd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
