**Product Name:**

Fsc application data: power supply, computer, air data, flight instruments

**Special Features:**

Printed wiring board 1, resistor assortment 1, insulator 6, diode 28, resistor 19, transistor 6, connector 19, transistor 6, connector 1, insulation sleeving 3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
