Product Name:

Fsc application data: power supply, computer, air data, flight instruments

Special Features:

Printed wiring board 1, resistor assortment 1, insulator 6, diode 28, resistor 19, transistor 6, connector 19, transistor 6, connector 1, insulation sleeving 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
