Overall Length:

11.000 inches

Overall Height:

0.875 inches

Overall Width:

7.500 inches

Features Provided:

Electrostatic sensitive

Special Features:

Major components: printed wiring board 1; capacitor 44; connector 4; mounting configuration: plug-in type mtg

Precious Material And Location:

Board and coaxial connector gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
