Overall Length:

5.400 inches

Overall Height:

0.690 inches

Overall Width:

3.647 inches

End Application:

Test set, signal data converter

Special Features:

Capacitor 2, connector 1, microcircuit 18, printed wiring board 1; printed circuit mounted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
