Overall Length:

8.030 inches

Overall Height:

0.518 inches

Overall Width:

4.912 inches

Product Name:

Fsc application data: interconnecting device, panel, vertical display indicator, aircraft maintenance

Special Features:

Capacitor 12, connector 2, microcircuit 7, printed wiringboard 1, resistor 16, heatsink 4, transistor 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
