Overall Length:

8.640 inches

Overall Height:

1.000 inches

Overall Width:

6.390 inches

Product Name:

Fsc application data: circuit card test set, electronic, except specially designed

Special Features:

Capacitor 13, diode 14, insulator 14, printed wiring board 1, relay 5, resistor 45, transistor 14, transformer 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
