Overall Length:

7.125 inches

Overall Height:

1.000 inches

Overall Width:

6.500 inches

Product Name:

Fsc application data: transmitting set, weatherplotter, meteorological equipment and apparatus, angmt 3

Special Features:

Capacitors 4, diodes 9, printed wiring board 1, resistors 10, semiconductor device 1, transistor 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
