Overall Length:

4.130 inches

Overall Height:

1.143 inches

Overall Width:

2.950 inches

Product Name:

Fsc application data: launching station, guided missile

Special Features:

Bracket 2, capacitor 5, diode 18, heat sink 1, insulator disc 8, printed wiring board 2, resistor 37, transformer 4, transistor 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
