Overall Length:

6.250 inches

Overall Height:

0.375 inches

Overall Width:

6.000 inches

Product Name:

Fsc application data: core memory unit, automatic data processing, except tactical

Special Features:

Capacitor 27; diode 56; jack, test 9; printed wiring board 1; resistor 111; transformer 8; transistor 32

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
