Overall Length:

3.875 inches

Overall Height:

0.750 inches

Overall Width:

3.875 inches

Product Name:

Fsc application data: counter, electronic, digital readout

Special Features:

Ccapacitor fixed ceramic 9; capacitor fixed mica 17; coil rf 6; pad transistor 5; printed wiring board 1; resistor fixed composition 5; semiconductor device diode 2; transformer rf 5; transistor 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
