Overall Length:

3.090 inches

Overall Height:

0.750 inches

Overall Width:

2.220 inches

Product Name:

Fsc application data: counter, electronic, digital readout

Special Features:

Nbead ferrite 4; capacitor fixed ceramic 15; capacitor fixed mica 3; choke 3; pad transistor 5; printed wiring board 1; resistor fixed composition 23; resistor variable 1; semiconductor device diode 2; transistor 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
