Overall Length:

8.312 inches

Overall Height:

0.875 inches

Overall Width:

3.000 inches

Product Name:

Fsc application data: test set, electronic systems, except specially designed

Special Features:

Kblock, photoconductor 1; capacitor 17; cover, column 1; diode 23; lamp 8; photoconductor 1; printed wiring board 1; readout, inline 1; resistor 64; resistor assembly 1; shield, photoplate 1; transistor 8; tube, electron

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
