Overall Length:

9.125 inches

Overall Height:

1.750 inches

Overall Width:

7.750 inches

End Application:

Electronic components assembly

Special Features:

Heat sink 5, transistor 8, resistor 6, diode 2, switch 2, lead assembly 1; mounting configuration: four 0.190 in.32 thd screws irregularly spaced; fsc application data: sonar set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
