Overall Length:

7.410 inches

Overall Height:

0.656 inches

Overall Width:

5.181 inches

End Application:

Type no. Qa-4342/msq-288

Product Name:

Usage design: used as sequencer switch

Special Features:

Capacitor 8; diode 5; guide frame, lh 1; guide frame, rh 1; printed wiring board 1; resistor 28; spacer 1; test block 1; transistor 8; transistor strip assembly 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
