Overall Length:

2.325 inches

Overall Height:

0.375 inches

Overall Width:

1.975 inches

End Application:

Defense support program 726/777

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Circuit card assembly

Special Features:

Plug-in mtd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511k0
