Overall Length:

3.437 inches

Overall Height:

0.653 inches

Overall Width:

3.187 inches

Product Name:

Fsc application data: radio communication equipment except airborne

Special Features:

Capacitor 34; diode 5; inductor 5; insulator 2; printed wiring board 1; resistor 34; transformer 9; transistor 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
