Overall Length:

6.215 inches

Overall Height:

0.517 inches

Overall Width:

4.215 inches

End Application:

Td-660/u

Product Name:

Usage design: used as a power supply

Special Features:

Capacitor 13; insulator disk 8; integrated circuit 1; jack, tip 5; pcb 1; resistor 27; semiconductor device diode 25; terminal, turret 56; transistor 6; transformer 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
