Overall Length:

4.500 inches

Overall Height:

0.812 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: communications security equipment and components

Special Features:

Capacitors 10; inductors 4; disc insulators 3; printed wiring board 1; resistor 12; transformer 2; transistor 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
