Overall Length:

7.760 inches

Overall Height:

0.420 inches

Overall Width:

5.344 inches

End Application:

Type no. R0-312/g

Product Name:

Fsc application data: computer, digital, except tactical

Special Features:

Integrated circuit 15; pad mtg transistor 28; printed wiring board 1; resistor fixed composition 74; resistor fixed film 9; semiconductor device diode 9; transistor 28

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
