Overall Length:

8.250 inches

Overall Height:

0.750 inches

Overall Width:

5.250 inches

Product Name:

Fsc application data: inte rcommunication set

Special Features:

Capacitor 25; component board 1; connector 1; crystal 1; inductor 2; insulator 2; jack 8; relay 1; resistor 46; semiconductor device diode 3; socket 1; transistor 9; transistor pad 8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
