Overall Length:

2.180 inches

Overall Height:

0.582 inches

Overall Width:

1.578 inches

End Application:

Test set, specialized maintenance equipment, acft

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Special Features:

Conn 1, dio 10, insulator 14, relay 14, terminal board 1; plugs into standard 20 pin socket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
