Overall Length:

6.016 inches

Overall Height:

0.626 inches

Overall Width:

8.355 inches

Product Name:

Fsc application data: message processing control group, guided missile

Special Features:

Capacitor 2; connector 1; printed wiring board, marked 1; resistor 27; transistor 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
