Overall Length:

7.687 inches

Overall Height:

0.660 inches

Overall Width:

5.332 inches

Product Name:

Fsc application data: data display group communications central

Special Features:

Capacitor fixed 4; connector 2; diode 12; printed circuit board 1; resistor, fixed 30; socket electron tube 1; transistor 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
