Overall Length:

7.687 inches

Overall Height:

0.562 inches

Overall Width:

5.260 inches

Product Name:

Fsc application data: 1. Data display group communications central

Special Features:

Capacitor 15; insulator 30; printed circuit board 1; resistor 103; semiconductor device, diode 3; transistor 30

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
