**Overall Length:**

6.937 inches

**Overall Height:**

0.625 inches

**Overall Width:**

4.625 inches

**Product Name:**

Fsc application data: test set, electronic systems, except specially designed

**Special Features:**

Capacitors 16; board, printed wiring 1; resistors 64; semiconductors 12; transistors 18

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
