Overall Length:

7.687 inches

Overall Height:

0.640 inches

Overall Width:

5.260 inches

Product Name:

Fsc application data: 1. Data display group, communications central

Special Features:

Capacitor 18; coil 1; connector 1; gate 3; insulator; printed circuit board 1; resistor 47; semiconductor device, diode 8; transistor 16

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
