Overall Length:

7.687 inches

Overall Height:

0.660 inches

Overall Width:

5.260 inches

Product Name:

Fsc application data: 1. Data display group, communications central

Special Features:

Capacitor 2; connector 1; insulator 20; network, resistor assembly 1; printed circuit board 1; resistor 70; semiconductor device, diode 2; transistor 20

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
