Overall Length:

7.687 inches

Overall Height:

5.260 inches

Overall Width:

0.640 inches

Product Name:

Fsc application data: data display group, communications central

Special Features:

Capacitor, fixed 24; coil radio frequency 2; connector 1; insulator 10; module 1; printed circuit board 1; relay, armature 2; resistor, fixed 28; semiconductor device, diode 20; transistor 10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:
