Overall Length:
3.658 inches
Overall Height:
0.630 inches
Overall Width:
5.852 inches
Product Name:
Fsc application data: test sets, guided missile
Special Features:
Bias network 4; relay 2; diode 10; resistor 7; test point block 1; transistor 5
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Fiia:
