Overall Length:

3.658 inches

Overall Height:

0.630 inches

Overall Width:

8.852 inches

Product Name:

Fsc application data: test sets, guided missile

Special Features:

Capacitor 5; diode 7; potentiometer 2; printed wiring board 1; relay 3; resistor 30; test point block 1; transistor 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
