**Overall Length:**

10.620 inches

**Overall Height:**

1.266 inches

**Overall Width:**

7.000 inches

**Product Name:**

Fsc application data: indicator group, radar, nonairborne, except fire control and guided missile

**Special Features:**

Capacitor 6; contact assembly, electrical 1; jack, tip 6; printed wiring board 1; relay 1; resistor 48; semiconductor, device, diode 21; switch 1; transistor 12

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511k0
