Overall Length:

10.625 inches

Overall Height:

1.500 inches

Overall Width:

7.000 inches

Product Name:

Fsc application data: indicator group, radar, nonairborne, except fire control and guided missile

Special Features:

Capacitor 8; contact assembly, electrical 1; printed wiring board 1; relay 2; resistor 24; semiconductor, device, diode 11

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
