Overall Length:

2.875 inches

Overall Height:

0.781 inches

Overall Width:

1.219 inches

Product Name:

Fsc application data: amplifiers radio frequency, intercommunication and public address systems, airborne

Special Features:

Resistor 13; stand-off rivet 2; terminals 34; terminal board 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
