End Application:

Oth&b radar system

Features Provided:

Electrostatic sensitive

Criticality Code Justification:

Cbbl

Product Name:

Synchro converter

Special Features:

Operational req, accepts data representative, for, antenna angular position, converts data to sine, cosine voltage, and applies voltage to major components; nha video mapper, jetds, type no. An/gpa131v

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
