Product Name:

Fsc application data: computer, digital, communication-navigation-identification

Special Features:

Printed wiring board 1, connector 1, integrated circuit 11, resistors matched 5, transistor 14, semiconductor device 1, resistor 22, capacitor 5

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
