Overall Length:

11.625 inches

Overall Height:

1.750 inches

Overall Width:

4.500 inches

End Application:

Ttest set elect. Equip.Featgboard has edge connector with 27 contacts per side; supplementary features: edge connector lg 4.500 in. H 0.066 in.; major components: printed circuit board 1, actuator assembly 1, electrical contact 19

Product Name:

Forms a portion of an electrical measuring set

Special Features:

Board has edge connector with 27 contacts per side

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
