Body Style:

Spring fingered

Overall Length:

5.500 inches

Overall Height:

0.130 inches

Overall Width:

0.305 inches

Unthreaded Mounting Hole Diameter:

0.108 inches single mounting facility and 0.113 inches single mounting facility

Mounting Facility Type And Quantity:

7 unthreaded hole single mounting facility

Material:

Copper alloy

Material Specification:

Qq-c-530 federal specification single material response

Surface Treatment:

Nickel

Surface Treatment Specification:

Mil-c-26074, class 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03600

Mil-std (military Standard):

Mil-c-26074 spec.
