Overall Length:

4.256 inches

Overall Height:

0.578 inches

Overall Width:

2.511 inches

End Application:

Teletype printer m-40

Special Features:

Major components: printed wiring board 1; resistor 17; capacitor 10; transistor 6; diode 1

Precious Material And Location:

Pad external surfaces gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
