Overall Length:

7.830 inches

Overall Height:

0.800 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: test set, guided missile maintenance, repair and checkout

Special Features:

Capacitor 12, diode 5, microcircuit 8, printed wiring board 1, relay 6, resistor 71, transistor 14

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
