Overall Length:

32.000 inches

Overall Height:

8.000 inches

Overall Width:

24.000 inches

Product Name:

Fsc application data: stabilized glide slope indicator, visual landing aid system

Special Features:

Amplifier 1, demodulator 1, inverter 1, oscillator 1, power supply 3, printed wiring board 6, servo amplifier 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
