Overall Width:

3.650 inches

End Application:

Electronic components assembly

Special Features:

Printed wiring board 2, capacitor 7, resistor 24, diode 3, transistor 11, insulator 11; fsc application data: altimeter set, electronic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
