Product Name:

Fsc application data: test set, electronic systems, specilly designed, acft

Special Features:

Capacitor 103, connector 3, diode18, microcircuit 125, printed wiring board 1, resistor 114, test point 19, transistor 18

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
