Overall Length:

6.000 inches

Overall Height:

0.925 inches

Overall Width:

4.000 inches

Product Name:

Fsc application data: test central, airborne weapons system, automatic

Special Features:

Capacitor 24, connector 3, diode 7, inductor 1, microcircuit 13, printed wiring board 1, resistor 38, transformer 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511k0
