Overall Length:

7.250 inches

Overall Height:

0.750 inches

Overall Width:

5.000 inches

End Application:

Distance measuring equipment (dme); 596b/c, transponder

Special Features:

Capacitor 26, delay line 1, diode 5, microcircuit 7, printed wiring board 1, resistor 53, transistor 8; function, decoder assembly; reference data, 1a2a8, wilcox manual 704221-0300, transponder dme596b/c, pg 6-12

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511k0
